Sound Recordings:

- Venn Mill sounds
The incredible sound of the mill in operation, with mostly wooden moving parts.
- Uncle Percy Stories
 - Cassette 1
 - Cassette 2
These are Mary Irish's early 1970s recordings of several "interviews" of Percy telling stories from his youth at Venn Mill. His Berkshire accent is very typical of the area. The other people are unknown to me, but they clearly include Mary Irish (her voice is very clear and well enunciated) among other family members and at this moment in time, cousin Charles (Greg) was visiting Mary.
